

GRACEMERE INDUSTRIAL ACCESS PROJECT
ROCKHAMPTON

completion date

April 2013

client

Civil Mining &
Construction Pty Ltd

project function

1,944 m² non sacrificial
anti-graffiti coating

The Gracemere Industrial Access Project is located along the Capricorn Highway approximately 9km west of Rockhampton and connects to Somerset and Boongary Road via a prestressed concrete T-girder rail overpass bridge.

Apollo CMS were commissioned to apply 1,944 m² of non sacrificial anti-graffiti coating to the Overpass.

The project demonstrates Apollo CMS' ability to undertake a diverse range of large scale projects.
